

6 Easy Steps to Draw a Fox:

Hand drawn by illustrator Paul Mathews
Follow the steps and share your drawing on ClarasCuriosity.com

1. Draw 3 circles, small, medium, and large.

2. Connect the three circles on the left by drawing a line down the side. Then connect the top two circles on the right side by drawing a line

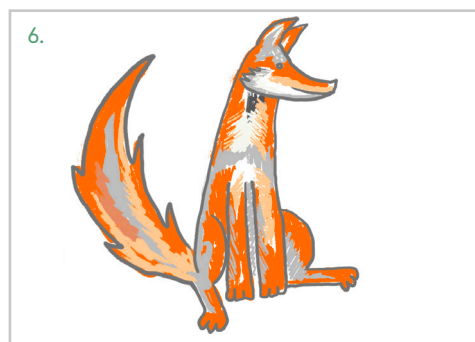

3. Draw the tail and hind leg. Draw the second front leg on the left. Then draw the second hind leg on the right side.

4. Draw the face and two ears.

5. Erase the circles and lines that overlap the features.

6. Color your fox however you want!
